

Remarks

Claims 1-43, 67-78, and 80-87 are in the application. Claims 44-66 and 79 have been cancelled. Claims 1 and 67 are in independent form. Reconsideration is requested.

The application is provisionally objected to for obviousness-type double patenting over application no. 09/992413. Applicant submits herewith a terminal disclaimer to overcome the provisional objection.

Various claims are rejected under 35 USC 112, second paragraph, as lacking proper antecedent bases. Applicant responds as follows.

Amended claims 1 and 67 each recites "a selected output device," and therefore provides an antecedent basis for the selected output device recited in claims 10, 18, 67, 71, 80, and 81. Claims 26 and 76 have been amended to provide the required antecedent bases. Claims 45, 54, 59, 61, and 63 have been cancelled. Applicant requests that this rejection be withdrawn.

Applicant believes the application is in condition for allowance and respectfully requests the same.
